STAVIS SEAFOODS

ABOUT US

EFFICIENCY | SUSTAINABILITY | FOOD SAFETY | QUALITY AND INNOVATION | RESPONSIBILITY

Established in 1929, we have over 90 years of experience in the seafood industry, and have built a reputation as the leading seafood company based in New England, and a trusted supplier of high-quality seafood products.

We offer a wide range of fresh and frozen seafood, including fish, shellfish, and specialty seafood items. We have established long-standing relationships with fisherman and suppliers around the world, ensuring that only the highest quality seafood products are sourced and delivered to customers.

In addition to our extensive product offerings, Stavis is committed to sustainable fishing practices and responsible seafood sourcing. We work closely with fisheries and suppliers to ensure all our products are sourced in an environmentally responsible manner, and are committed to maintaining the long-term health and viability of the world's oceans.

We service a diverse range of customers, including restaurants, hotels, supermarkets, and foodservice providers across the United States and internationally. We pride ourselves on exceptional customer service, and offer a range of value-added services to help customers with everything from menu development to customized packaging solutions.

With a commitment to quality, sustainability, and customer service, Stavis Seafoods has become one of the most trusted and respected names in the seafood industry. Whether you're looking for fresh fish, frozen shellfish, or specialty seafood items, Stavis Seafoods has the expertise and resources to meet your needs

WE ARE ONE OF THE LEADING VOICES IN THE INDUSTRY HELPING SHAPE ITS FUTURE.

Stavis Seafoods has taken a leadership role in defining, implementing and supporting responsible sourcing projects and sustainable seafood. Certified by the BAP (Best Aquatic Practices), Stavis Seafoods is a board member of the National Fisheries Institute and its' Crab Council and Better Seafood Boards. We are also an active participant in numerous fishery improvement projects as well as a founding board member of SeaPact and the Boston Fisheries Foundation, organizations both committed to protecting the future of our oceans.

The following is just a sample of the organizations we participate in to protect our oceans:

OUR BRANDS

NEW LOGO!

BOS'N

Uncompromising Quality

Since the 1950s, our customers have trusted BOS'N to deliver premium, high quality seafood. BOS'N products range from traditional New England classics to contemporary favorites. BOS'N combines modern production techniques with rigorous New England standards for quality, freshness and taste.

SEATRU®

QUALITY WITH TRANSPARENCY

Every piece of SeaTru™ seafood must go through an extensive process to earn the SeaTru distinction. SeaTru products must be sourced from a sustainably certified, ranked or domestic fishery or from a fishery going through a comprehensive improvement project. These in-depth brand standards ensure that you can confidently enjoy only responsible sourced, traceable and sustainable seafood with SeaTru. SeaTru is truly transparent, truly responsible and truly delicious seafood.

Foods From The Sea

Discover unique dining experiences with Foods From The Sea

If you are a true seafood lover, you will love discovering the wide world of Foods From The Sea seafood products. Delivering unsurpassed quality, value and taste, Foods From The Sea's menu of extraordinary and uncommon domestic and imported products can liven up any kitchen.

BOSTON PRIDE®

Boston Pride provides convenience and value while adhering to strict standards of quality, weight and identity. From fryer-ready breaded clams strips to chilled, recipe-ready bay scallops and rock shrimp, Boston Pride allows you to keep your competitive edge and confidently deliver quality seafood to your customers.

Prince Edward®

Premium quality shellfish from the ocean to your table

Named after an island known for its clean, clear waters and wide variety of seafood, Prince Edward is supreme in freshness and quality. Enjoy our premium shellfish including mussels, oysters and hard clams.

NEW!

EST. 1929

TACKLEBOX

Hook to Door

NEW! Our first direct to consumer program, Tacklebox at hooktodoor.com launched in late 2022. Featuring only our favorite, highest quality products, consumers can now purchase Stavis products on-line and receive seafood direct from Hook to Door.

Profand

Sea the difference

A leader in the seafood industry, Profand is a vertically integrated seafood company that owns and operates its own fleet of fishing vessels, which allows it to directly source many of the products it offers, including Chilean Seabass, octopus, and squid.

NEW BEDFORD - FRESH SHELLFISH PROGRAM

Our new shellfish processing facility located in the heart of New Bedford, Massachusetts features an extensive selection of locally harvested clams, oysters, mussels, and scallops. During the first half of the 19th century, New Bedford was one of the world's most important whaling ports. New Bedford remains known for its fishing fleet and accompanying seafood industry, which as of 2019 generated the highest annual value of any fishing port in the United States.

Our commitment to quality starts with the careful selection of only the freshest and highest quality shellfish from the waters off the coast of Massachusetts. Once harvested, our expert team of seafood professionals uses state-of-the-art processing techniques to ensure that each and every shellfish product is handled with the utmost care and attention to detail.

Our facility is dedicated to providing our customers with the freshest and most delicious shellfish products available.

At our facility, we take pride in supporting the local fishing community and promoting sustainable seafood practices. We believe that by sourcing our shellfish locally and working closely with fishermen, we can help to preserve the rich tradition of fishing that has been a part of New Bedford's heritage for generations.

Salmon Program

FRESH FAROE ISLANDS SALMON
Sustainably Raised
Considered the most flavorful salmon in the world! This delicious Atlantic Salmon is considered by many as the gold standard of farmed salmon. It is harvested in the pristine natural feeding grounds of the North Atlantic, and brought to the US in the most environmentally friendly way.

MORE SUSTAINABLY RAISED CHOICES
Salmon programs need consistency. Therefore Stavis sources from a variety of countries & farms to ensure a constant stream of quality and sustainable solutions.

Norwegian Salmon
Scottish Salmon
Icelandic Salmon
Irish Salmon

Canadian Salmon
Farm raised just 300 miles from Boston!
A popular salmon choice, Canadian Atlantic Salmon is firm and moist with large flakes and a delicate flavor, making it ideal for any salmon recipe. A local, healthy and delicious item any time of year. West Coast Canadian Salmon is also available and is a GREAT value!

Ora King
A premium farmed king salmon, Ora King is considered the Waygu beef of the sea, and is the premier farmed salmon product available in the world. Harvested in Marlborough Sounds, South Island, New Zealand, each fish is fully traceable to the harvest date and location. Ora King is a fattier cousin to the wild Alaskan Kings found in the pacific northwest, with the highest levels of Omega 3 fatty acids.

Kanpachi, Hiramasa & Hamachi

Kanpachi, Hiramasa, and Himachi fish are some of the most delicious and nutritious seafood options available today. These premium fish are renowned for their melt-in-your-mouth texture, rich flavor, and exceptional health benefits.

KANPACHI, also known as yellowtail amberjack, is a prized fish in the culinary world. It has a buttery, delicate flavor that pairs perfectly with a wide range of sauces and seasonings. Whether grilled, baked, or pan-fried, Kanpachi is sure to impress even the most discerning palates.

HIRAMASA, also known as kingfish, is a firm, meaty fish that is prized for its clean, rich flavor. It is a versatile fish that can be cooked in a variety of ways, from grilling to searing to baking. Hiramasa is also an excellent source of protein and Omega-3 fatty acids, making it a healthy addition to any diet.

HIMACHI, also known as yellowtail tuna, is a top-quality fish that is beloved by sushi aficionados around the world. With its rich, fatty flesh and buttery texture, Himachi is the perfect choice for sushi rolls, sashimi, and other raw preparations. It is also high in Omega-3s and other essential nutrients, making it a smart choice for health-conscious diners.

Varied Sizes and options available.
